" The dangers of arbitrary and inconsistent viewpoint censorship are only increased when enforced by police states masquerading as democracies using opaque procedures that fall woefully short of due process and are insensitive to local context, including sarcasm, lampooning, humour, satire and parody."

Make this "arrest" look good aite ? We don't want Assange to know I am working under-cover to entrap him into say-ing something incriminating , or , if he doesn't , to make some bullshit up and swear he said it .

Jeffrey Epstein had about $90 - $100 billion in our bank. He transferred $50 billion into an account held by Jerrod Kushner after the 2016 American election.

Then that money was used to buy shares in Trump LLC, who then bought all outstanding shares in Deutsche Bank itself. Trump then used his position as a major shareholder to loan himself $190 billion at -0.01% interest.
